Tour Description

Important information

- Martvili Canyon or Gachedili Canyon is located near the village of Gachedili. A very beautiful place with white rocks 20-40 m high, clear water, where fishes float, waterfalls, greenery and a magnificent riverbed fill the visitor with unforgettable impressions. In the canyon, a trace of a dinosaur was found, which doubled the interest to this place. The opportunity to go boating gives you a chance to fully discover the beauty of the C
- Martvili Monastery - Orthodox church and monastery, which was built in the 7th century on the site of the Chkondidi pagan religious center. The monastery is located on the top of the mountain, and from there a wonderful view opens not only on Samegrelo, but also on Imereti.
- Okatse Canyon, which is a million years old, is one of the main attractions of the Imereti region, is located in the Khoni municipality, in the vicinity of the village of Gordi, at 520 m above sea level. Attractiveness of the Canyon greatly increases because of its forest park, hanging trail on its rocks and natural waterfalls in surroundings.
