Tour Description

Tour Description

The mountain resort Bakuriani is situated on the northern slope of the Trialeti Range, 29 kilometers from Borjomi, at an elevation of 1,700 meters above sea level in the sub-tropical zone. The snow blanket remains for 4-5 months but in the summer the aroma of the coniferous trees and other climatic factors create ideal conditions for rest and recreation. It is a paradise for ski lovers and an internationally important winter sports centre, which meets Olympic standards.

The infrastructure of the resort has been established in Soviet times when Bakuriani used to be a Winter Olympics training base. Currently, Bakuriani offers 23 ski pistes with total length of 29.1 kilometers. The tracks are equipped with artificial snow-making systems and targeted for all skiers. Slopes here are divided according to the following levels of difficulty - beginners, intermediate, advanced, expert. 8 lifts and 1 funicular are opened from 10:00 to 19:00 pm and serve visitors.

Many international athletes come here to practice their skills. Ropeways, ski-jumps, ski-tracks, cross-country skiing, night skiing, horse-rides, horse-drawn sledges and snowmobiles - all can be found in Bakuriani.
